RST PRIZE TO GLENDALE FLOAT

CITY AGAIN WINS HIGHEST HONORS WITH DISPLAY IN TOURNAMENT OF ROSES

DESIGN IS PRAISED

VALUABLE ADVERTISING GIVEN TO COMMUNITY AS RESULT OF SECURING TROPHY

Glendale's New Year began auiciously. Her municipal float came me from the Tournament of Roses conquering hero, bringing the first rize. When it arrived at the corner of Brand boulevard and Broadway, a fragrant, beauteous thing, he seeming essence of "all the breath and bloom of the year," crowds of happy Glendale residents gathered about it and held a jubilee. From early afternoon until darkness ell from the wings of night they me and went, laughing, cheering d rejoicing together.

Like some grand lady who arrives ate at the ball in order that her entrance may create the greater sensaion the Glendale float allowed quite a gap to occur in the line of march before she made her appearance in the parade. Indeed, so great was the hiatus that a small girl perched on her father's shoulder voiced the hought of all the expectant audience ith, "Why doesn't anything come?" And a young lady in a Glendale group of spectators remarked anxiously, "Dear me, I hope it isn't OUR float that's holding up the line like this!"

Hardly had she voiced her worry, owever, when OUR float appeared n all her majesty, proudly drawn (for all the onlookers could see, at least by six members of the drill eam of Glendale lodge 1289, B. P. O. , arrayed in their handsome white iforms. The little delay was now enti ely forgotten, and murmurs of delight were followed by hearty applause a d cheers.

City's Growth Is Shown

The marve lous growth of Glendale was portrayed on a stage eight feet wide by twenty- eight feet long. In the background rose the majestic, snow-capped mou tains, with the sun coming up from behind them. On the green-carpeted violet-studded dale stretching away from the foot of the mountains grew three huge, red roses. The first typified the city of Glendale in 1910; the second, much larger, symbolized the great increase in the city's popula tion in the decade between 1910 and 1920—an increase of 393 per cent, the greatest of any city in the United States.

A typical California girl, Anna Louise Muhlem an, watered the 1920 rose from time to time, in order that, with the aid of the warm California sun, this 1920 rose might become the ill much larger one of 1930, which presented the prospective growth be attained in the next ten years. The beautiful float was the admiration of the great concourse of more an 250,000 people. The poetic interpretation of Glendale's growth nd hope of still greater development, the obviously vast amount of ork and the great expense entailed

WED NEW YEAR'S

MISS ALICE C. WILSON AND G. EDWIN MURPHY MARRY; TO RESIDE HERE

Falling in step with the New Year spirit, Miss Alice C. Wilson and G. Edwin Murphy, both of this city, began their wedded life at 3 p. m., January 1, 1921.

The marriage took place at the home of the bride's parents, Mr. and Mrs. W. J. Wilson, 446 West Patterson Ave., Glendale, in the presence of the relatives of the young couple. The bridal party entered to the strains of the Lohengrin wedding march, played by Mrs. Joseph Kitt and took their places under the beautiful wedding bell hung from an arch of pink and white carnations and smilax. Rev. Clyde M. Crist of the First Methodist church officiated.

The bride was charmingly dressed in net over white satin and carried a shower bouquet of shell-pink rosebuds and white sweet peas. Her veil was caught with orange blossoms. Pink sweet peas were carried by her attendants. Miss Carmalita Perry, niece of the bride, and Miss Lois Murphy, sister of the groom. The bridegroom was attended by Cecil Percy.

Luncheon Follows Ceremony

Following the ceremony a delicious luncheon was served. The pink and white color scheme was also carried out in the dining room. A huge mound of carnations formed the centerpiece of the long table and ropes of smilax and tulle hung gracefully from the chandelier.

Foiled in their attempt to slip out the side door unobserved, the newlyweds bade the company a laughing good-bye and, amid showers of rice, departed for San Diego where they will spend their honeymoon. They will be at home to their many friends after January 15, at 509 West Lexington drive, Glendale.

The McNutt ranch, known also as "the garden of Eden" in Sycamore canyon, has an almond tree in full bloom and an apple tree with last year's coat of green leaves still on it. Who can beat this?

How to Prune Trees

John Robert White of Glendale, member of the California state legislature from the sixty-first district, is now at Sacramento for the purpose of attending the legislative session which opened today.

New Year Guests

Mrs. M. L. Tight, of East Wilson avenue, had as her guests on New Year's day her brother-in-law and sister, Mr. and Mrs. W. C. Fraley, of Lankershim, and their sons George and John.

It goes without saying, almost, that Mrs. Tight drove them all over to the Tournament; naturally, a lady who gave her whole time last week from 8 o'clock Monday morning to 2 o'clock Saturday morning to the work of Glendale's municipal float would want to see how it compared with others in the great floral pageant.

In the afternoon the party from Lankershim were Mrs. Tight's guests at the football game; in the evening they were entertained at dinner at the White Inn, and later took in a picture show.

A wave of burglaries in several cities indicates that profiteers have been driven to their pre-war employment.

GREETS GRANDSON

STANLEY FRENTZ GOES NORTH TO SEE LITTLE ONE IN WM. CRAWFORD HOME

Stanley Frentz of 446 West Colorado boulevard has just proven that he is a man of great self-sacrifice. Here he has a new grandson in San Francisco, the very first grandchild at that, and he was wild to get up to the northern city to see if the little chap was really all his mother's description implied; but—here were all those destitute people the Elks take care of at Christmas time, and how could the lodge manage this great task without Stanley Frentz?

Mr. Frentz knew they couldn't, so he just swallowed his eagerness to see that new baby and went on with the blessed work he was engaged in, tiill it was finished.

Then yesterday, accompanied by a clear conscience and also by his friend, Fred J. Fish, of 536 East Colorado boulevard, Mr. Frentz sallied forth to motor to San Francisco to greet the five weeks'-old baby of his son-in-law and daughter, Mr. and Mrs. William Crawford.

Mr. Frentz will remain in San Francisco for about two weeks and Mr. Fish will also be the guest of Mr. and Mrs. Crawford for that length of time.

IN NEW LOCATION

GLENDALE GROCETERIA OPENS FOR BUSINESS IN VERY ATTRACTIVE QUARTERS

The Glendale Grocerteria opened for business this morning in their new location at 116 North Brand boulevard, where many changes and improvements have been made that will be appreciated by the patrons of the store.

The two exits, one on either side of the cashier's desk will help to avoid congestion during busy hours. A modern refrigerating plant has been installed in the meat department at the rear of the store as well as a cold storage room for vegetables and fruits. In the center of the store a long wrapping table has been placed for the convenience of customers.

The walls are appropriately decorated and an indirect lighting system installed. Increased shelf space allows for better display of goods and in every way the store has been arranged as a modern self-servce store.

Celebrate New Year

The advent of the New Year was celebrated by Mr. and Mrs. W. E. Evans with a dinner New Year's night at their home, 333 North Orange street.

Holly and smilax were used in a clever combination in the decorations, which set off in striking effect the shimmering napery and gleaming silver on the elegantly appointed table, where places were marked for Messrs. and Mesdames C. W. McFadden, of Bakersfield, Walter Stamps, A. D. Pearce, Mrs. Pearce, of Michigan, mother of A. D. Pearce, Mrs. R. M. Jackson, of Los Angeles, Miss Catherine Evans and the host and hostess.

Music and dancing were the merry divertisements of the evening.

PERSONALS

Mr. and Mrs. Harry Girard and their children, Katherine, Harry, Jr., and Louis, of 918 East Windsor road, were guests on New Year's day of Mr. and Mrs. George Mulford, of Hollywood, who observed the time-honored and hospitable custom of keeping open house on the first day of the new year.

A party of Glendale people watched the new year in at a Los Angeles theatre, attending the second performance. The theatre party included Mr. and Mrs. Warren Roberts, Mr. and Mrs. E. U. Emery and Mr. and Mrs. Charles H. Temple of Glendale and Mr. and Mrs. H. H. Martin of Los Angeles.

P. A. Kranz of 1265 Green street, San Francisco, though he has been a resident there for three years or more, still feels that Glendale is his home and in order to keep in touch with its growth and its people sends a $5 check to renew his subscription to The Evening News for another year.

Mr. and Mrs. James A. Farrell, 3433 Atwater avenue, accompanied by Mrs. Hester Parker and daughter Katherine of Somerset Farm, 817 South Verdugo road, left Glendale about 7:30 a. m. New Year's day for Pasadena. After witnessing the tournament parade and having a picnic lunch they returned to the Farrell home. The remainder of the afternoon was spent in music. In the evening the party motored to the new Ambassador hotel, which was open for inspection.

PROTESTS DEVIL CURSE

NEW YORK—A written curse, in which her husband consigned her to the devil, was submitted by Mrs. Anthony Giamo to the supreme court in asking counsel fees to prosecute her suit for separation. Her husband protested that the translation of the "curse" was incorrect. He was ordered to pay $100 counsel fees.

The bolshevists have yet to snow the world that Russia can get all she needs without money.

The World Today

By F. H. VESPER
Assistant Vice-President, Glendale Branches, Los Angeles Trust and Savings Bank

F.H. Vesper

The development of the country's business interests, the productivity of its farms and the happiness of its homes depend largely upon the mental attainment, physical vigor and service ideals of the older boys and young men of the present generation.

The present and the future demand leaders with keener minds, larger purposes and character foundations that the tides of temptation cannot undermine.

There are many agencies like the improvement and horticultural societies, farm bureaus and other organizations and associations that are emphasizing a higher development of the material resources of our communities. The banding together of the boys and young men of a community for the promotion of community building through individual character building is a work of comparatively recent origin.

* * * *

The County department of the Y. M. C. A. has developed a type of community work which is now operating in Glendale and the adjacent communities in which neither large buildings nor costly equipment are necessary, the available resources of a community such as schools, halls, churches and homes are used as meeting places.

The "ganging" instinct prevalent in all boy life is capitalized. The gang is made the nucleus of self governing groups for which leadership of proven character and ability is discovered by a trained executive and a comprehensive program provided which co-ordinates all phases of the boy's life.

This plan gives to each community in the county access to the best methods and principles of work with boys. It presents a program that gains and maintains the interest of boys and young men. It develops leadership of the highest and most efficient type. It develops a preparedness which insures against the aggressions of evil. It makes boys physically fit, mentally alert and morally straight.

* * * *

Campaigns of cleanliness, physical, mental and moral; conferences, camps, conventions, community gatherings, educational trips and talks, hikes, wholesome recreation, discussion groups applying the principles as found in the study of the life of Christ and other character building activities are promoted.

One hundred and fifty boys in this district and more than a thousand throughout the county are paarticipating in these character kindling influences.

* * * *

The annual drive for the Y. M. C. A. budget in Glendale and vicinity will take place January 16 to 25 inclusive. Mr. Neil Locke, County Secretary of the Y. M. C. A., who will be in general charge of the drive, states that he will be very glad to talk over details with those interested.

ment on the board of motion picture censors, regretting that she would be unable to serve in that capacity. On motion Mrs. Barker's resignation was accepted.

An application was presented from J. M. Dunham for permit to do street work by private contract, consisting of five and one-half foot sidewalk on the north line of Broadway fronting on lot 12, block 2, Glendale boulevard tract. Same was granted.

Bids for Poles Received

In accordance with advertisements calling for the same, the following bids were opened and read for supplying the city with poles for the public service department:

Kankiksu Cedar company, Priest River, Idaho, $22.10; Baker-Joslyn company, Los Angeles, Calif. $25.70; Western Electric company, Los Angeles, Calif. $24.40; Bentley-Schoeneman Lumber company, Glendale, Calif., $23.20; E. T. Chapin company, Los Angeles, Calif.. $25.70; B. J. Carney & company, Spokane, Wash., $25.60.

The demands were presented and referred to the finance committee; the said committee approved same and, on motion of Truste Stephenson, warrants were ordered to be issued in payment thereof, by the following roll call, all voting aye: Trustees: Bartlett, Henry, Robinson, Shaw, Stephenson.

The city manager presented communication requesting that the city clerk be instructed to advertise for bids to be opened January 13 for certain material required for Sycamore canyon road pipe line and on motion of Trustee Bartlett, the action taken in regard to this matter at the meeting of December 23, 1920, in regard to the installation of this work was rescinded and the city clerk instructed to advertise as recommended by the city manager.

The city manager made a report in regard to proposed improvements to the water system, the cost of which is estimated at $131,795, suggesting that certain bonds of $260,000 issue be appropriated to the several items respectively, and that notice be given that before the city will be in position to enter into contracts for any of such improvements such bonds must be sold. On motion, the suggestion was approved and it was so ordered.

In a communication to the board in regard to conditions in the Grand View annexation district, the city manager called attention to the necessity for the extension of the water district system in that district and requested authority to call a meeting in the district of residence property holders, to discuss plans, ways and means for such extension, and also other matters of interest affecting the service in that district. On motion it was so ordered.

Deed from Judge Ross

The city manager presented a deed prepared by Judge Erskin M. Ross stating that Judge Ross instructs that should the deed be accepted as to proper form, that warrant in the sum of $7,000 be authorized in favor of the Security Trust & Savings bank of Los Angeles and that the entire matter be placed in escrow with the Title Insurance & Trust company of Las Angeles. On motion of Trustee Stephenson, it was ordered that the deed presented from Judge Ross be approved and all of the papers in the transaction be placed in escrow, to be delivered when properly signed and acknowledged and a satisfactory title furnished to the city and that warrant be drawn in the sum of $7,000, as proposed, by the following roll call, all voting aye: Bartlett, Henry, Robinson, Shaw, Stephenson.

Anthony Ambrosini made application through the city manager to have a water main laid on Fairview avenue in the city of Eagle Rock from Colorado street to Broadway at an estimated cost of $600. On motion of Trustee Robinson it was ordered that work be done as requested by Mr. Ambrosini on the condition that estimated cost of same be paid in advance.

The city manager reported that the attendant at the signal tower on the Southern Pacific lines at the intersection of Brand boulevard and Southern Pacific tracks had called attention to the trees that stand in the parkway on the east side of Brand boulevard north of the tower and complained that they obstruct the view from the tower. On motion of Trustee Stephenson it was ordered that trees be removed as requested.

The city engineer in accordance with previous instructions presented maps and specifications for standard cesspool to be used in the streets and alleys in the city of Glendale and on motion of Trustee Stephenson the same was approved and adopted.

Cesspool Permit Is Granted

On motion of Trustee Henry the application of the Glendale Plumbing company to install cesspool within three feet of an alley was granted.

The city attorney reported on the request of the Southern Pacific railroad company for a license agreement between the company and the city covering an alleged encroachment on San Fernando road on the railway company's right of way at Sepulveda station.

The city attorney recommended that the proposed documents conferring this right be returned to the railroad company, by reason of the fact that the city has the prescriptive right to the road at that point. On motion the application of the Southern Pacific railroad was rejected.

The city attorney stated that he had prepared a plan for the proposed bond election, but suggested that the matter lie over for one week and it was so ordered.

The city attorney reported that he had received from the Title company accompanied by bill for the service, the company's report on the property owners necessary to be made defendants in the proceedings to be taken for the opening of Commercial street.

Trustee Bartlett presented a resolution which was adopted as Resolution 1146 ordering the closing of an alley in the Grand View district. The roll call was as follows, all voting aye: Trustees Bartlett, Henry, Robinson, Shaw, Stephenson.

Trustee Stephenson presented an ordinance establishing grades in portions of Chester street, Concord street, Salem street and California avenue, which was real and laid over.

STOCKMEN LOSE IN STORM

OROVILLE—The storms which threatened with floods the entire northern part of the state took heavy toll of stockmen throughout the Sacramento valley, it is reported here. In this district H. H. Grimes, the manager of the American farm, large stockraisers, reported that 200 of their hogs had been lost in the floods. The waters rose so quickly that it was impossible for workmen to save the hogs from drowning.

With hides so cheap, there will be hope for users when they get to making footwear out of leather again.

FLOAT WINNER

GLENDALE'S ENTRY WINNER OF HIGHEST HONOR AT PARADE HELD IN PASADENA

(Continued from Page 1)

in the carrying out of this beautiful idea, the enterprise shown by Glendale merchants and other citizens in the development of this costly marvel of floral beauty—these things evoked praise on all sides. One man leaning from a second story window shouted with admiration untinged with the slightest bit of envy, "You've got it all right, Glendale!"

And Glendale did get it, all right—the first prize in class A (civic bodies); the $100 silver trophy and blue banner given by Clemens Friedell Silver Shop, of Pasadena.

Mountain of Tiny Violets

Fifteen hundred bunches of violets, "blue as if the sky let fall these flowers from its cerulean wall," were used in making the mountains—probably 75,000 violets. The base of the mountains was portrayed very effectively in Scotch heather. The sun was made of marigolds.

The three great roses were formed of deep red roses, three thousand of them, and their hearts were made of masses of yellow chrysanthemums. The snow on the mountains, the figures 1910, 1920, 1930, at the bases of the great roses, as well as the name Glendale on the sides of the float, were formed of five thousand white carnations.

The sides of the float were made of masses of Oregon grape vine whose leaves, shiny and thick and colorful, concealed from sight the motor truck beneath, which was driven by E. W. Evans, manager of the Elks' drill team. Festoons of smilax decorated the long tongue by which the drill team, composed of J. W. Hadlee, A. C. Gage, A. E. Griffin, E. A. Garren, F. E. Budway and Duke Claussenius, apparently drew the float. By means of an electric bell hidden under the smilax they signaled their colleague at the wheel when to stop the machine and when to turn a corner. An ingeniously concealed peep-hole also aided him, and a Ford "male" concealed under the mountains assisted in propelling the float.

The committee who had charge of arrangements for the float was composed of members of the Greater Glendale Development association and the Chamber of Commerce and included R. F. Kitterman, chairman; J. G. Huntley, V. M. Hollister, C. D. Lusby, L. T. Rowley, W. B. Kelly, Miss Muller, H. P. Coker, F. H. Vesper, W. R. Phelon, Mrs. Mabel Tight, Dr. Jessie Russell, Mrs. E. W. Kinney, and Miss Eva Daniels.

The idea of the three roses was the inspiration of the chairman of the committee, R. F. Kitterman. The float was designed by L. W. Chobe, who also superintended its construction, assisted by Mrs. Chobe. Glendale's prize-winning float of the previous year was also designed by Mr. Chobe.

The cost of the float was one thousand dollars. The Evening News is pleased over the award for the city's representation in the great Tournament of Roses celebration, the greatest in the thirty-two years of its observance, and every one who contributed his share toward Glendale's success in winning the first prize may feel well rewarded; for not only is this distinction a matter of gratification of our civic pride, but it will prove itself also a materal benefit to Glendale in many ways, since it advertised her progressive spirit to more than 250,000 people, representative residents of every section of the United States and Canada—one might almost say of the four corners of the globe.

Several municipalities are said to have spent more money on their floats than Glendale did. Redondo Beach float is reported to have cost $2,000, and Long Beach's float also is said to have cost much more than the one that represented this city. This circumstance adds the more to Glendale's glory, since her float, though not the most expensive, was judged the most beautiful and most symbolic.

Praise for Volunteer Workers

Deserving of special mention are the men and women who gave so generously of their time in the construction of the float. Some of them gave the whole day, some the afternoon, and some came in the evening and worked far into the night. Among them were the members of the Glendale fire department, Messrs. Walter Rodney, I. N. Howe, J. M. Smith, George Hartley, C. M. Hale, Mesdames Ray Sherman, Frank Fellows, M. L. Tight, R. D. Angelica, Bert Ward, O. G. Thompson, J. F. Thompson, W. C. Alvord, E. D. Yard, A. H. Lankford, J. E. Newcomb, C. O. Kling, W. E. Halstead, Wardner Jones, A. H. Montgomery, Dr. Jessie Russell; Misses Snider, Eva Daniels, secretary and treasurer of the committee, and Virginia Rowley; also members of the decoration committee and the civic committee of the Tuesday Afternoon club.

These are by no means all of those who showed their civic spirit by helping to build the float—perhaps not half of them.

Mrs. M. L. Tight and Mrs. L. W. Chobe deserve great praise for the thoroughness and persistence with which they scoured the countryside for flowers. They were at the markets at 5 o'clock every morning last week, buying the choicest blossoms. They visited the nurseries for miles around, buying wholesale and retail.

It is in great measure due to their indefatigable efforts in getting the choicest blossoms and plenty of them that Glendale carried off the first prize. Roses counted most of all in the judging, since this is a rose tournament, and the thousands of magnificent and expensive red roses used in the Glendale float scored high. Carnations and violets count next to roses in the design, and Glendale's myriads of these blossoms helped win the prize.

The government lets a man get through the holidays before actual worry over his income tax report need begin.

HUNTING TRIP

GEESE, DUCKS AND QUAIL ARE SECURED; MOUNTAIN LION SLAIN BY MR. TUPPER

Through the kindness of H. G. McBain, member of the Kern County Gun club, the following Glendale men were enabled to bring home the limit of geese, ducks and quail: Wallace Tupper, P. U. Campbell, M. A. Stumpf and Frederick Eldredge.

On the return trip Wallace Tupper killed a forty-four pound mountain lion at Elizabeth lake and has it on exhibition at his garage, 114 North Glendale avenue. The birds killed included twenty-four geese, forty-five quail, fifteen teal ducks and nineteen canvas backs. The local men state they certainly appreciate having had the privilege extended to them of shooting at this exclusive club.

The deficit in the postoffice department for the year is $17,270,482. In view of the service, there is a general desire to know for what the money was spent.

SLOW DECLINE

COST OF BUILDING NOT TO DROP IMMEDIATELY, SAYS PORTLAND ARCHITECT

Decline in building costs will be slow, according to the declaration of H. A. Whitney, an architect, of Portland, Ore., his remarks on the subject appearing in The Timberman, an international lumber journal, a copy of which was brought to the office of The Evening News by a reader of this paper.

"Building costs," says Mr. Whitney, "are closely related to living costs. Living costs are bound to remain high because of inflated currency, decreased production, increased wages, labor shortage, the heavy bonded indebtedness with its resultant increased taxes, etc. Babson's report shows that wholesale costs have increased faster than retail costs. It was thirteen years after the civil war before costs returned to normal, and the civil war was a small affair compared to the world war.

Production Costs Too High

"Samuel Crowther, writing in the World's Work, believes that more attention should be paid to the result of a man's work and less to the high cost of living. If there is production in return for a wage then the cost of living will take care of itself. The curious part of it all is that in most discussions of wages what a man does for a wage is seldom considered, while page after page of testimony is taken as to how much it costs to live, although it must be self-evident that as long as we live under a wage system, if production be not returned for wages, then a living wage can never exist. Inevitably a wage paid, which is not wholly earned, must be added into the price of the finished product and eventually raise the price of all products, so that when the wage earners go to buy they are bound to find the money insufficient.

"It appears to be almost the unanimous opinion among economists and business men who have carefully studied the present price situation, that we are now on a new world price level, and that future price adjustments will be made toward this new and higher price level rather than to the price level existing prior to 1914.

Some Prices to Fall

"Inasmuch as the increase in prices and monetary inflation has taken place in practically every civilized part of the world, there is no reason why the adjustment should be one toward the prices existing prior to the war. Of course, it may be expected that the prices of some commodities which have not advanced materially during the last few years will rise, in order to complete the adjustment to the new price level. On the other hand, many prices which, due to war conditions, have been increased even beyond the new general price level will gradually fall to it.

"We know that the cost of living has increased something over 100 per cent over 1910, while construction costs only increased about 75 per cent up to the beginning of the present year.

Reductions to Come Gradually

"There are at least three reasons why the reduction in building costs will come gradually. They are:

"First—Scarcity of funds. Insurance companies, ordinarily heavy investors in this field, have bought large amounts of liberty bonds. Individual investors have been disposed to get out of the mortgage market. Savings banks have funds available for building, but they are disposed to be conservative and are unwilling to accept, as a rule, a valuation as much over the 1912 level as increased building costs would seem to require. They also operate under a legal limit as to the amount which they can place upon first mortgages. I might remark here that I interviewed several of the leading bankers of Portland and found that they were disposed to be conservative and indicated that they would not loan as large a percentage of the cost of a building as formerly. Building and loan companies have been called upon heavily for funds, but have not been able to meet the demands upon them.

Secondly—The labor shortage will restrict the amount of building. Laborers have been leaving the United States at the rate of 1,000 a day for the last year.

Thirdly—The shelves are bare of all materials. We are therefore driven to the inevitable logical conclusion that existing prices will not decline and that these prices express a new and substantially permanent level upon which present and future business must be conducted.

NOTICE OF TRUSTEE'S SALE

Whereas, by a Deed of Trust, dated September 9, 1919, recorded September 17, 1919, in book 6950, page 73, of Deeds, Records of Los Angeles County, California, to which record reference is hereby made, S. J. Williams and Blanche Williams, his wife, did grant and convey the property therein and hereinafter described to the Title Guarantee and Trust Company, as trustee, to secure, among other things, the payment of one certain promissory note, in favor of D. McPeak, and other sums of money advanced and interest thereon.

Whereas, said D. McPeak has for a valuable consideration sold and assigned said note and duly endorsed the same to J. C. Pollock; and

Whereas, there has been a default in the payment of the balance of the principal of said note, according to the terms thereof, and of interest due and payable thereon amounting to the sum of Seventy-six and 80-100 ($76.80) Dollars, there being the total sum of Eighteen Hundred Seventy-six and 80-100 ($1876.80) Dollars now due and unpaid; and

Whereas, in accordance with the provisions of Section 2924 of the Civil Code of the State of California, said D. McPeak, the owner and holder of said note and trust deed, on September 8, 1920, caused to be recorded in the office of the County Recorder of said Los Angeles County a notice of such default in the payment of principal and interest and of his election to cause the property described in said trust deed to be sold, in accordance with the provisions thereof, to satisfy said obligation, which notice of default and election to sell was duly recorded in Book 7387, page 52 of Deeds, Records of said Los Angeles County; and

Whereas, said Trust Deed provides that, if there is a default in the payment of any of the sums secured thereby, upon application of the holder of said note, the trustee shall give notice and sell so much of the property as shall be necessary to satisfy the indebtedness secured thereby.

Whereas, said J. C. Pollock, by reason of the default in payments as stated, has requested the Title Guarantee and Trust Company to give notice and to sell said property, or so much thereof as shall be necessary to sell, to pay all the indebtedness secured and expenses incurred necessary to the execution of said trust.

Now therefore, notice is hereby given that the Title Guarantee and Trust Company by virtue of the authority vested in it as Trustee, will sell at public auction, to the highest bidder, for cash in gold coin, on the 29th day of January, 1921, at the hour of 11 o'clock a. m. of said day, at the western front entrance of the Court House in the City of and County of Los Angeles, State of California, all the interest conveyed to it by said Trust Deed, in and to all the following described property, to-wit:

Lot Twenty-three (23) of the Glendale Mountain View Tract, in the Rancho San Rafael, in the City of Glendale, County of Los Angeles, State of California; as per map recorded in Book 11, page 126 of Maps, in the office of the County Recorder of said County; or so much thereof as shall be necessary to pay the total amount of the principal, interest, advances, charges, and costs, amounting to the sum of Twenty-one Hundred and 00-100 Dollars ($2100.00), due and unpaid.

In witness whereof, the Title Guarantee and Trust Company has duly authorized this notice, by the signature of its Vice-President, attested by its Assistant Secretary, who has affixed the Corporate Seal, at Los Angeles, California, this 28th day of December, 1920. (Corporate Seal)

HOMELESS FAMILY HAD MONEY

CHICAGO—With money in his pocket, Alfred Knittel had to seek shelter for his wife and four children at a police station today after five nights spent in different railroad station waiting rooms because he could find no landlord willing to rent him a flat. The colder weather last night and the illness of Harold, the baby, drove the father to seek aid of the police. Change of management in a hotel where he had been employed resulted in the loss of their flat there.

"The landlords object to the babies," Knittel told the police, "but they couldn't buy one of them from me for a million dollars."

The Texas Democratic congressman who proposes that the house membership be cut to 304 thinks, probably, that the number of Republicans may be reduced in that way.

SUGGESTS PLAN

WRITER TO THE EVENING NEWS MAKES PLEA IN BEHALF OF CHRISTMAS METHODS

Editor The Evening News:—To those who are endeavoring to make Christmas, which is Christ's birthday, more Christlike and less Santa Clauslike, I beg to offer a few suggestions. I am very much in favor with this move, but I cannot say that I approve of the method as it has come to my attention. These questions arise in my mind: Can we do away with Santa Claus at one blow and do all Christians want to do away with him entirely and is this the only posible way of making Christmas more Christlike by doing away with Santa Claus?

To those who have been blessed with a happy childhood the Christmas days have fond recollections. The dreams of Santa Claus' coming, the hanging of the stockings, trimming of the Christmas tree, gifts taken to those less fortunate, the Christmas entertainment at their church with Santa Claus and his helpers to brighten the entertainment, all blend together into many wonderful and happy Christmas times. Now these same people have children of their own and they wish for them the same happy joys and experiences, but alas! it seems that Santa Claus is to be a thing of the past and not a joy for this generation.

Several Things Are Lacking

The writer took her children to a church Christmas entertainment last week and there were no pictures of Christ and no Christmas tree nor Santa Claus. Children love pictures and understand a picture. Santa Claus also to them is like a picture of good cheer. The children all yawned as the beautiful program was far beyond their little minds, and there were no happy smiles on their little faces. And this the week before Christmas.

May I offer a few suggestions for a plan to be started about two months before next Christmas by all the churches, hoping that I may assist in this splendid idea of making Christmas more Christlike and less Santa Clauslike? But let us not do away with Santa Claus altogether, as he has had too great a place in many of our lives. Rather, let us place him where he belongs in this great festive season.

A program of propaganda should be started through the mail and the press with letters to the fathers and mothers and many articles written concerning the Scriptures in prose and poetry, and sent to each home in our community. The letters should request each home to have a picture of Christ as a gift to the children of the home which should be hung in a conspicuous place during the Christmas holidays. Hoffman's head of Christ or Christ with the Priests in the Temple at the age of 12 are pictures of Him that would appeal to the children. (The writer visited five stores in Los Angeles before she could obtain a picture of Christ and then the frame had to be repaired as it was damaged). The pity of it, and His birthday! So few caring for His likeness to give to one another. No wonder Christian people want to do away with Santa Claus. Santa's picture was on all sides, a usurper indeed, but why let him be a usurper?

Pictures and Picture Puzzles

Also, a list of stores where Christ's pictures could be obtained could be advertised and a wonderful window display could be designed with the idea of the manger and the shepherds in mind.

Bible picture puzzles of the journeys of Christ on this earth and Bible games could be given the children as presents, also Bibles and Testaments and many gifts pertaining to Christ and the Bible could and should be given as gifts on this holy day. Noah's arks are almost a thing of the past, still many men of this time remember when that toy was one of the most popular gifts at Christmastime.

As a suggestion for the church entertainment, Christ's picture at 12 should have the most prominent position in the church decoration. There were no pictures of Christ at the Christmas entertainment referred to. The service was very Christlike, being sincere and reverent and beautiful, but my little boy said, "Mother, it was not a Christmas entertainment, it was a sermon."

Have a white Christmas. They are beautiful in thought and deed, but please do have Santa Claus there to take the gifts to the poor and those less fortunate than ourselves. Let Santa be the messenger to carry the gifts that we give in memory of Him on His birthday. Thus we will exalt our Christ to His own place on His own birthday and place Santa Claus where he belongs, only as a messenger of good cheer.

WANT CHEAPER PIE

NEWPORT, R. I.—Newporters are demanding 5-cent pie instead of the 10-cent article they have been getting in the restaurant, and are basing their demands upon the announcement that flour is now selling for $10 and less a barrel. A movement for reducing the price of bread from the 12 and 17-cent loaves to the old 5 and 10-cent loaves is under way.

The preacher governor of Florida who threatens to go after an editor with a "double-barreled shotgun loaded with buckshot" exhibits indications of militancy rather than exposure of the other cheek.

The League of Nations would probably give the Turk the boot if there was not the fear of breaking some toe joints.

FOR LINEBERGER

TEXT OF RESOLUTION OFFERED BY W. E. EVANS OF THIS CITY AT MEETING

As already told in The Evening News, W. E. Evans of Glendale, at the recent meeting of the Los Angeles County Central committee of the Republican party, made the motion that the committee ratify the action of the conference at Pasadena which selected Walter F. Lineberger of Long Beach as the party's candidate for congress in the ninth district, which includes this city.

The motion put by Mr. Evans carried unanimously. Governor Stephens has called the election for February 15. The resolution as offered by Mr. Evans, and unanimously adopted, follows:

"Whereas, a conference of Republicans representing the ninth congressional district, assembled at Pasadena on December 17, 1920, did select as their unanimous choice for Congress, Walter F. Lineberger, of that district; and

"Whereas, that conference was officially called by the chairman of the State Central committee; and

"Whereas, the conference was truly representative of the highest type of Republican men and women of the ninth district; and

"Whereas, the candidate selected by them, Walter F. Lineberger, is himself truly representative of the highest type of American citizenship;

"Therefore, be it resolved: That the Republican County Central committee of Los Angeles county, in regular meeting assembled, on the 28 day of December, 1920, do hereby indorse the candidacy of Walter F. Lineberger, and ratify the action of the conference of Republicans of the ninth district, held at Pasadena, California, on December 17, 1920, and

"Be it further resolved, that we pledge to Walter F. Lineberger our united support in his campaign and urge all Republicans of the ninth congressional district to use their utmost endeavor to the end that the ninth congressional district may in the next session of congress be represented by a Republican and one who has the welfare and interests of that district at heart."

SHE GOT NERVOUS

LONDON, England—"'E's gettin' on my nerves, yer worship, 'e is that!" Mrs. M. G. "It's depressin', yer worship," said she, and the judge agreed.

LIBRARY BOOKS

LIST OF THOSE RELEASED IN LAST TWO WEEKS; DEMAND EXPECTED HEAVY

Now that the holiday season is nearing an end, those in charge at the Glendale public library are anticipating a greater demand for books. With this in mind, they are releasing and preparing to release many good volumes. Following is a list of those which have been released during the past two weeks:

"Pipefuls," by Christopher Morley. These little essays are as keenly flavored, as aromatic, and as agreeable as the blue vapor of the good Virginia weed. And, as the author says in his preface, none of them will take more of the reader's time than may be devoted to an accompanying fill of tobacco.

"Oh! Well! You Know How Women Are!" by Irvin S. Cobb. When America's most genial philosopher discusses the ladies, God bless 'em—"and curb 'em," adds Cobb fervently, he tells everything that every man has been thinking every day since the time of Adam.

"Thuvia, Maid of Mars," by Edgar Rice Burroughs, writer of the Tarzan series.

Romance of Spanish Main

"Black Barthlemy's Treasure," by Jeffery Farnol. Romance of the Spanish main in the days of the pirates.

"The Golden Book of Springfield," by Vachel Lindsay. It pictures the society of 2018 in the symbol of the city of Springfield, Illinois. Humor, satire, beauty, fun, prophecy, everything in the gamut of Mr. Lindsay's powers is here.

"The Victorious Attitude," by Orison Swett Marden. The "Victorious Attitude" is the initial chapter and keynote of this latest of inspirational books by Dr. Marden. Only the most case-hardened pessimist would fail to derive benefit from a book such as this.

"The Prodigal Village," by Irving Bacheller.

"By-Paths in Sicily," by Eliza Putnam Heaton.

"The Sea and the Jungle," by H. M. Tomlinson. A volume of adventure along the Amazon.

MEDICAL MEN

COUNTY ASSOCIATION IS TO CELEBRATE ITS FIFTIETH ANNIVERSARY IN MONTH

Physicians of the city of Glendale are being notified that the Los Angeles County Medical association will hold a banquet on the evening of January 31 for the purpose of celebrating its fiftieth anniversary.

Three of the founders of the organization will be guests of honor at the banquet. These will be Dr. Walter Lindley, Dr. Joseph Kurtz and Dr. J. P. Widney. The place of the gathering has not yet been chosen.

"Idling in Italy," by Joseph Collins. Studies of literature and of life.

California in Gold Days

"The Diary of a '49r," edited by C. L. Canfield. An authentic account of California life in the golden days of '49.

"Court Life in China," by Isaac Taylor Headland. The capital, its officials and people.

"The Crossing," by Winston Churchill.

"Mexico in Revolution," by V. Blasco Ibanez.

"The New Psychology and Its Relation to Life," by Tansley.

"By an Unknown Disciple." This book takes up the parables of Christ's life in a tangible way.

"The Servant in the House," by Charles Rann Kennedy.

"Theodore Roosevelt's Letters to His Children."

"Danish Life in Town and Country."

"Religion and Health," by James L. Walsh, M. D.

"The Story of the Greek People," by Eva March Tappan.

This announcement speaks for itself. At the old price the long-lasting Exide was an economy. At the radical reduction of 28 per cent no motorist need go without Exide quality. We have the right size for your car.
